Quality Policy

Industrial Motion Control, LLC designs and builds motion control components for integrators and users of automation equipment.

Our objective is to serve this industry by providing the **best value** in products and services to our customers.

To accomplish this, Industrial Motion Control, LLC is committed to **continual improvement** in our overall business performance.

Introduction

Industrial Motion Control, LLC (IMC), headquartered in Wheeling, IL USA, is a leading manufacturer of precision cam-actuated index drives, parts handlers, in-line conveyors and custom cams.

**IMC Headquarters
Wheeling, Illinois USA**

**European Headquarters (Ferguson S.A.)
Braine-le-Château, Belgium**

Formed by the merger of Commercial Cam Co. and Ferguson Machine Co., **IMC** offers the widest range of products in the industry. With over **100 years of experience** and significant investments in personnel and

capital equipment, IMC is unique in its ability to manufacture a full range of motion control products under the **Ferguson** and **Camco** brands.

Introduction

(continued)

IMC serves designers, builders and users of specialty automation equipment worldwide with manufacturing facilities in both North American and Europe. Sales offices are in North & South America, Asia and Europe.

Introduction

(continued)

IMC has a full staff of technically trained sales engineers and applications engineers to help select and specify the appropriate components for each specific machine design application. Proprietary software ensures that components are selected to meet the customers' requirements for accuracy, speed, load capacity and life expectancy.

Introduction

(continued)

Industrial Motion Control provides:

- ◆ **Quality.** Our manufacturing plants adhere to ISO-9001:2000 standards in all manufacturing and business functions. Our CNC milling and grinding equipment is state-of-the-art.
- ◆ **Value.** Through superior product design and investment in the best production equipment and facilities both in North America and Europe.
- ◆ **Service.** IMC provides application engineering assistance as well as in-field service and repair. Our delivery lead times are very competitive, supporting customers who demand short lead times to facilitate overall lead times for turnkey automation equipment projects. With sales and service facilities in various locations throughout the world, IMC can support your equipment wherever it is installed.
